ABOUT US

We are **Aquacheck Laboratories Limited**; water analytical testing laboratory based in Nairobi Kenya. We are committed to providing **high quality** and **cost-effective** services to our clients in **borehole drilling, water utilities, water treatment technology, Food and beverage manufacturing, water bottling companies, hospitality.**

Water is a basic human need. According to WHO 80% of the diseases are water borne, therefore safe drinking is a necessity. The first step to safe water drinking is water analysis and the benefits your water includes:

- *It helps in identifying the possible contaminants in water*
- *It guides on the right equipment/technology for treatment if there is need*
- *It simplifies decision making on the correct type of use of the water*
- *You get a water test report/certificate*

Water is a basic human need. According to WHO 80% of the diseases are water borne, therefore safe drinking is a necessity. The first step to safe water drinking is water analysis.
